

## What is Unlimited?

Unlimited gives money to artists so that they can create **art**.

Art means theatre, dance, music, visual arts like painting or sculpture, computer art, film making and more.

We give money to disabled artists and companies that make work with disabled artists.

## UNLIMITED...

We want to help artists make **high quality art**.

- High quality means work that is very good.
- Usually it means work that has taken time to develop and been tested out to make sure audiences respond to it.
- It doesn't mean everyone has to like it.

**QUALITY** ✓

**Unlimited** is not an organisation. We don't have a building of our own.

We are a project run by two different organisations

**UNLIMITED...**

**ARTS ADMIN.**

**Shape Arts** – who work with disabled artists all the time. They have an office in Kentish Town, London

And **Artsadmin** – who work with artists all the time. They often work with disabled artists but not all the time. They have an office at Aldgate East, London.

**Unlimited** works with artists from all over the UK – England, Wales, Scotland and Northern Ireland.

**UNLIMITED** ...

Unlimited gets most of its money from **Arts Council England**. We also get money from: Arts Council Wales, British Council and Spirit of 2012 Charitable Trust.

## What does Unlimited want?

We want to change things to make the arts sector more equal.

If things were more equal, more disabled artists could make more art.

We want more people to see art by disabled artists.

We think that this will help people see disability differently.

Disabled people are the same as everyone else – we just experience barriers when we try and do some things.

We want to help to take those barriers away.

## What does Unlimited give money to?

Our next funding round opens on 1<sup>st</sup> September 2017.

### It is for:

**UNLIMITED** ●●● **Main commission research and development funding** - money for disabled artists who have been artists for a long time to try out an idea.

**UNLIMITED** ●●● **Emerging artists awards** - money is for artists who are new.

They might be young artists, or artists who have worked for a long time but not reached big audiences, or artists who have many barriers

These artists might get money to try out an idea, to make a piece of work or to run workshops. They can tour if it is high quality and they want to.
