## **2. Eligibility questions**

- I confirm that the project is led by an emerging disabled artist / company based in the UK. **\*required**

I understand that disabled artists / companies can be the lead applicant for one Emerging Artist Award application. They can also be mentioned as delivering elements within two other applications (across Main, Main R&D and Emerging Artist strands). **\*required**

I understand that projects will need to have a minimum of 10% match funding (cash or in kind). **\*required**

Applicants can apply for funding either through 'Create' or 'Participate':

**Create:** Funds for emerging disabled artists / emerging disability-led companies to create a new piece of work, across any artform. If you have not undertaken any Research and Development (R&D) for your idea and are unsure of the details of your proposal you will need to include a period of R&D in your schedule and budget.

**Participate:** Funds for Emerging artists to run a participatory project. These projects are focused on the process of working collaboratively rather than the final outcome, may not result in a final performance / exhibition or sharing and may be delivered with support from established artists or arts organisations. They may take the form of a series of workshops, discussion groups or creative sessions across any art form for disabled and / or disabled and non-disabled participants.
